Core strengths

- Digital content and social media
- Campaigns, CRM and outreach
- Web, SEO and analytics
- Design, video and brand identity
- Project and people management

Good afternoon,

Thank you for taking the time to consider my application.

I am a motivated and hardworking professional with twelve years of experience in marketing and communications. My background includes managing social media, developing and executing email campaigns, designing graphics and printed materials, website development, coding, providing IT support and working with CRM systems. I have also been involved in event planning, networking, capturing and editing engaging photo and video content, and using tools such as Google Analytics to track and refine marketing strategies.

I love creating content which breaks new ground and captures people's imagination. Connecting people, especially those from different backgrounds and life experiences, is extremely rewarding, generating interesting conversations and ideas.

In addition to my marketing experience, I have a strong foundation in web development, including coding in HTML, CSS, JavaScript improving SEO performance, and ensuring content is accessible to all users.

I am confident working both independently and as part of a team. I thrive when taking ownership of tasks and consistently work with enthusiasm to meet KPIs and project milestones. My communication and interpersonal skills have been honed through years of networking, whether in person, over email, or by phone. I am experienced in leading my own department and working alongside other Managers, CEOs and Directors.

I am seeking a role that offers opportunities for growth, training, and continuous learning. I am passionate about building a long-term career in Marketing and Communications, and I believe this position would be an ideal step forward.

Thank you again for your time and consideration. I look forward to hearing from you.

Kind regards,
Finlay Craig
